

## **Barcombe Parish Council Report September**

**There have been three incidents reported to us in August.**

**We had a dog bite reported to us on the 3/8, there are no lines of enquiry regarding this as the victim did not take details of the dog owner.**

**We had a report of theft of hay bales & a wheelbarrow reported to us on the 11/8. This was in a very rural location & other farmers have been made aware.**

**We had a report of a cat being shot with an air rifle at the rear of Mongers Mead on the 13/8. This appears to be a deliberate act & although there has been some local gossip of who is responsible we are unable to prove this.**
