UPDATES:

There were 3 reported incidents of theft in April. One was theft of items from St Francis on the 4/4. There are no further lines of enquiry regarding this. A theft on the 14/4 occurred at a car boot sale; this was an unattended hand bag & the victim has been given crime prevention advice. The third was failure to pay after a meal at a pub. We have some intelligence regarding this which has been logged & we wait to see whether we have similar incidents elsewhere on the district which we can tie in.

The one other reported incident was a computer based scam that was reported on the 13/4; the informant did not fall for the scam & has been given the contact details for Action Fraud. Residents

wanted full details of the crimes in their area can log on to [police.uk](https://www.police.uk) where they can get details of the type of crimes happening in their area & where the investigation is with regard to them.
