

BARCOMBE NEIGHBOURHOOD PLAN

Public Engagement Event, 14 January 2018

The Steering Group was enormously pleased with the response by the Barcombe public to our event on the 14th January. Some 120 people attended the two sessions and we received almost 200 written responses on Comment Cards and Post-it Notes etc. It will take the Group some time to consider the information in all of these, but in due course we will publish our notes on the comments and how we are taking them forward so that all (including those who could not attend) can see what the community said.

This is also to remind residents that the meetings of the Steering Group are open to the public and that Agendas and Minutes are posted on one of the Notice Boards inside the Village Car Park and on the Parish Council web-site (www.barcombepc.net).

Thank you for your support.

Alex MacGillivray
Chairman, Barcombe Neighbourhood Plan Steering Group
